

ENDLESS SUMMER AT THE ALPINA GSTAAD

Yoga with an Alpine Twist? Private Boot Camp?

GSTAAD, Switzerland, August 12, 2015 – There are still seven weeks left to enjoy the beautiful Alpine setting of The Alpina Gstaad and either rejuvenate the mind and body through three new yogic programs or whip that figure into shape with the luxury hotel's invigorating Boot Camp Privée.

Ideal for yogis of all levels, the **Yogic Sleep** Program aims to induce a deep state of relaxation by combining yoga nidra with gentle stretching yoga poses and *pranayama* (breath regulation). Yoga nidra is a powerful ancient relaxation practice that uniquely unwinds the nervous system, helping to reduce stress and induce restorative sleep. As a meditation technique, it engenders a deep sense of well-being. A selection of relaxing and energy balancing treatments works to ensure a better and more restful night's sleep.

Yogic Detox combines aspects of *asanas* (hatha yogic postures), *pranayama*, meditation and a balanced diet along with *sat kriya* (movement and breath exercise). This program is complemented by a variety of detox and energy treatments. The ultimate goal is to detoxify the body and mind in a controlled and safe manner. Ideal for yoga aficionados and guests looking for less punishing detox programs.

Discover Yoga is ideal for complete novices and guests looking for an alternative body and mind practice. Private sessions of hatha yoga, meditation and *pranayama* are combined with Six Senses signature treatments and plenty of Alpine-inspired activities. Guests will develop an understanding of how the body engages in each posture as the yoga master guides awareness to specific areas and aspects of the practice to enhance the body's natural intuition.

The Alpina Gstaad created the six-day, five-night **Private Boot Camp** as a customized program for its discriminating guests who want a personal one-on-one fitness regime. Beginning with a body composition analysis, guests are evaluated by the trainer and spa director who then develop a workout routine and dietary program based on the guest's needs and fitness level. Early morning runs, intense Alpine workouts, TRX suspension, weight training, group classes of yoga, Pilates, Tai-Ch and hiking, climbing or even running in the Swiss Alps. Guests can enjoy the Alpina Life Cuisine menus or a Detox program. At the end of each day, participants will appreciate the deep tissue massage and foot acupressure at the hotel's 21,500-square foot Six Senses Spa to relieve their aching muscles.
